Your work. Your name. Your split — written down first.

PAINTED PLATE — HELD FOR CHAIRMAN SCENE-CONTRACT APPROVAL

Contract SC-615-02 · no image generated (rule of Chairman rejection 614)

A maker's bench seen from the maker's side: the finished piece, the price tag still blank, a pen resting on a two-column sheet.

You made something and it is not getting seen or sold. Tell us what it is and where it stalls. If it fits, we can talk about listing a digital version in the THYLORA store. **Nothing is listed and no money moves until ownership, consent, price, costs and exactly who gets paid are agreed in writing** — on the pages that follow.

What we can and cannot do

We can	We cannot (yet)
Read your post and suggest specific changes.	Promise any sales.
Review whether a digital version could be sold safely.	Pay you: no payout processor has been chosen.
Show you every fee before you sign.	Sell physical goods: this store ships nothing.
List only the version you approve, under the name you choose.	Take ownership of your work. You keep it.

Honest status: this is an intake and agreement draft. It is not open for sign-ups until the Chairman approves it and a payout method exists.

Intake

Question	Your answer
What did you make? (one sentence)	
Is it yours? Did anyone else help make it?	
Where is it posted or sold now?	
What would “sold” mean to you — how many, at what price?	
Country / region (for tax and payment rules)	
Do you receive any benefits that income could affect? (You do not have to tell us which.)	

Proof you own it

Any one of: the original file with its creation date; drafts or sketches; a dated post from your own account; written permission from every co-maker.

The price, before anything else

$$N = P - F - T - D$$

Price P	Card fee F (2.9% + \$0.30)	Left before tax	Fee share of price
\$1.00	\$0.33	\$0.67	33%
\$3.00	\$0.39	\$2.61	13%
\$5.00	\$0.45	\$4.55	9%
\$10.00	\$0.59	\$9.41	6%
\$20.00	\$0.88	\$19.12	4%

Why this matters: on a \$1.00 item the flat 30 cents takes about a third. Very small prices are mostly fee.

The split, written down

$$N = B + C + A + O + R$$

Share	Who	Percent of N	Named person or partner
C — creator	You		
O — operation	Store, library, reporting		ErsatzReality Enterprise
R — reserve	Refunds and chargebacks		
B — beneficiary	Only if you choose one, and only a named one		
A — approved partner	Only a partner who has agreed in writing		
Total		100%	

No split is proposed for you here on purpose. Splits are set per creator, in writing, before the first sale.

Idea credit (from the Chairman's "Joey's corner", sequence 602)

If someone's idea changes what we sell, we name it for them and write down, in advance, what share of that item they receive. Credit follows what a person actually contributed, recorded before sales, not after.

Consent and signatures

“I own this work, or have written permission to sell it. THYLORA may show and sell only the version I approve, under my chosen name. I can withdraw it at any time; sales already made stay valid. My taxes, benefits and payment details are my responsibility; THYLORA has shown me every fee it knows of before I sign.”

Cooling-off: nothing is listed until 14 days after both sides sign, unless the creator asks for sooner in writing.

The price of applying

**$N = P - F - T - D$ For a person who needs it: $P = \$0.00$, so $N = \$0.00$.
No money moves, so there is nothing to split and nothing is promised.**

Applying is free. Your own item carries its own price and split.
