

ERSATZREALITY × THYLORA

21-PROMPT CHALLENGE

# Gap Hunt

21 things you're not seeing—turned into evidence and action.

A finished digital edition. Print it, mark it up, or use it on screen.

# Run the hunt

Use one real process, product, plan, room, relationship, or decision. Spend five minutes on each hunt. Record what you observe—not what should happen.

## HUNT 01 · Invisible Beginning

**Map two steps before the usual starting point. What triggered the work?**

**Bring back:** A named trigger and source.

---

---

## HUNT 02 · Missing Person

**Who experiences the consequence but is absent from the decision?**

**Bring back:** One missing perspective.

---

---

## HUNT 03 · Quiet Assumption

**Circle the claim nobody checked because it sounded reasonable.**

**Bring back:** A test that could disprove it.

---

---

## HUNT 04 · Pretend Finish

**Follow the work after “done.” What must be delivered, reopened, returned, or explained?**

**Bring back:** The customer-visible finish.

---

---

## HUNT 05 · Broken Handoff

**Mark every transfer between people, tools, devices, or shifts.**

**Bring back:** The first item lost or changed.

---

---

## HUNT 06 · Memory Tax

**List what somebody must remember without a cue.**

**Bring back:** One reminder moved into the system.

---

---

## **HUNT 07 · Duplicate**

**Find information typed, copied, or explained more than once.**

**Bring back:** A single source of truth.

---

---

## **HUNT 08 · Rescue**

**Record every time an expert saves the process.**

**Bring back:** The hidden knowledge behind one rescue.

---

---

## **HUNT 09 · Long Pause**

**Where does the work sit untouched longest?**

**Bring back:** Elapsed time and reason.

---

---

## HUNT 10 · Wrong Word

Where do two people use different names for the same thing?

**Bring back:** One shared customer-facing term.

---

---

## HUNT 11 · Missing Recovery

What happens after a mistake, dropped connection, wrong choice, or lost file?

**Bring back:** A safe return path.

---

---

## HUNT 12 · Unseen Cost

Who pays in time, stress, risk, money, or cleanup for the convenient design?

**Bring back:** The shifted burden.

---

---

### **HUNT 13 · Fake Choice**

**Which option is presented as equal but carries a hidden penalty?**

**Bring back:** A visible consequence.

---

---

### **HUNT 14 · Empty Metric**

**Which number looks good without proving customer value?**

**Bring back:** A replacement outcome.

---

---

### **HUNT 15 · Stale Truth**

**What was once correct but may have changed?**

**Bring back:** A source and checked date.

---

---

## HUNT 16 · Permission Gap

**Who has access but not authority—or authority but not access?**

**Bring back:** The decision owner.

---

---

## HUNT 17 · Voice Gap

**Whose words have been flattened into generic language?**

**Bring back:** Three phrases in their cadence.

---

---

## HUNT 18 · Delivery Gap

**Can a buyer receive, open, keep, and re-access the thing?**

**Bring back:** An end-to-end witness.

---

---

## HUNT 19 · Support Gap

**What question arrives five minutes after purchase?**

**Bring back:** An answer before checkout.

---

---

## HUNT 20 · Return Gap

**What happens when somebody comes back later?**

**Bring back:** A persistent record and re-entry cue.

---

---

## HUNT 21 · Truth Gap

**Which label says active, complete, safe, or proven without evidence?**

**Bring back:** A corrected status and owner.

---

---
